HOOSIER DEMOCRATS.

The Meeting of the State Central
Committee.

By Telegraph to THE SENTINEL.

INDIANAPOLIS, April 15.—The state central committee met in the rooms of the Hendricks club at 2:30 o'clock and was called to order by Chairman Henderson. He stated that the object of the meeting was to hear from the several sections of the state regarding the condition and prospects of the party, and said that the date for holding the state convention was also a subject of the consideration, and upon which he would like to have the views of those present.

Secretary Riley called the roll and the following members and proxies responded:

First District—Thomas Byrne, Evansville.

Second District—Dr. Thomas, Vincennes.

Third District—Joseph Riley, North Vernon.

Fourth District—A. B. Armstrong, Greensburg.

Fifth District—Eb Henderson, Martinsville.

Sixth District—Colonel Miller, Winchester.

Seventh District—Jackson Landers, Indianapolis.

Eighth District—Dr. Gilliam, Rockville.

Ninth District—Elwood Avery, Frankfort.

Tenth District—Not represented.

Eleventh District—Burr Sweetzer, Marion.

Twelfth District—Charles A. Munson, Fort Wayne.

Thirteenth District—J. C. Wagner, South Bend.

The chairman then called upon the gentlemen present to present their views regarding the situation in the state, and quite a number responded. They agreed that there is a good feeling among democrats in all sections, and that the party, as a party, has lost nothing in the late elections, the few changes which occurred being the result of local causes entirely, and not attributable to party disaffection nor likely to affect the coming campaign. Regarding the time of holding the state convention, the sentiment was almost unanimous that it should be at an early day, at least before the republicans hold theirs. The argument was made that the democratic party was in power in nation and state, and it behooved it to take the field early and make an aggressive fight. The party is in excellent condition, and there is no good reason for fixing the convention at a late day. No time was mentioned, but an early convention was understood to mean not later than the first of July. The meeting was entirely informal and after an interchange of opinion, protracted through a couple of hours, the meeting adjourned and the committee proper met with closed doors. No action was taken on the subject of holding the convention and the committee after discussing matters relating to the organization and work of the campaign, adjourned, subject to call by the chairman.

Secretary Riley has received reports of township elections from eighty-eight out of the ninety-two counties in the state, showing the total number of democratic trustees elected 462 and republican 477. Estimating on the four counties not reported, he finds that the total will stand 504 democrats, 497 republicans, 12 independents. In the eighty-eight counties the losses and gains were as follows: Democrats, lost 47 and gained 48; republicans gained 47 and lost 34, and while the republicans gained 10 from the democrats, the democrats secured 1 from the independents, thus making their net loss in 88 counties but 9.

AN OUTRAGE.

A Superintendent Found Guilty
of Great Fraud.

By Telegraph to THE SENTINEL.

HARRISBURG, April 16.—As a result of personal inspection of the recent allegations of the Philadelphia Record, charging gross mismanagement in the Soldiers' Orphans' school, Governor Pattison yesterday demanded the resignation of Rev. H. E. Higbee, as state superintendent of public instruction, and summarily removed Rev. J. W. Sayers, inspector of Soldiers' Orphans' schools, and Mrs. E. E. Hunter, female assistant inspector. The governor says: "A sad and more shameful story of deliberate human cruelty could not be exhibited. The weight of facts is such as to leave no

doubt that the money of the state has been wasted and misappropriated; that the commonwealth has been defrauded by dishonest and crafty speculators, and that many unfortunate orphans have been in a worse condition than if they had been left to the uncertain condition of the world." The governor requests the attorney general to exhaust all power in his department in criminal and civil proceedings against the guilty parties. He appointed General Louis Wagner, of Philadelphia, inspector and examiner of the soldiers orphans schools.

Rev. Sayres is chaplain of the Grand Army of the Republic of Pennsylvania, and Mrs. Hutter is president of the board of managers of the Northern Home and Soldiers Orphan institute at Philadelphia.

THE CYCLONE.

Echoes From the Deadly Whirlwind.

By Telegraph to THE SENTINEL.

OMAHA, Neb., April 16.—Dispatches from the towns in western Iowa where the cyclone traveled, show that it was of terrible force, going at the rate of nearly ninety miles an hour. The loss of property between Graceland and Audubon is estimated at \$175,000. The people fled to cyclone cellars, which nearly every farm has in that part of Iowa.

SAD END OF A WEDDING PARTY.

RICE STATION, Minn., April 16.—The fatal ending of the wedding party near this village forms one of the saddest features of wholesale destruction of life and property by Wednesday night's cyclone. A party was assembled at the residence of John Schulz, a farmer, to celebrate the wedding of his daughter, Mamie. The ceremony was performed about 1 o'clock, and at 4 o'clock the party gathered about the wedding feast. It was a happy assemblage of nearly forty people, celebrating the bridal festivities for a favorite daughter of the house. The cyclone came, and in less than five minutes the house was converted into kindling wood and scattered all over the farm. Ten were killed and many injured. The bridegroom was killed outright, but the bride only injured.

Judge Hench gave L. M. Jones judgment for \$493.83 against Wyrick France. Rev. Father Oechtering asks THE SENTINEL to say that the St. Mary's church plans have not been changed. The edifice will be 180x72 feet, outside measurement.

The indications for the lower lake region, as reported by the weather bureau at Washington to THE SENTINEL, are as follows: Warmer weather, cloudy, followed by local rains.

W. T. Pratt and Joe Mommer were hastily empowered by Dr. J. M. Dimmen to go to Maysville yesterday and hold an inquest on Maryatt Carr, who was fatally kicked by a Texas pony.

Dr. L. H. Cook and Miss Clara Lacey, of Bluffton, were married last evening. The bride is a daughter of the Rev. Lacey, of that city, who is well known in the Fort Wayne M. E. conference district.

Revenue Officer Seaton has closed the distilleries of the county for the season. Ben Neuschwander, of Leo, made fifty-seven gallons of apple jack, and Benedict Schlatter, of Leo, made twenty-one gallons.

The county commissioners have settled the trouble with outgoing trustees and their affairs are straight as a bank. This speaks volumes for the democratic county of Allen, while other parts of the state suffer from the crooked transactions of trustees.

Mr. John Slater did not retain William Briant on his staff of deputy assessors. Mr. Briant is a good citizen, but not the man to manage the assessor's office, and we congratulate Mr. Slater on accepting the advice of THE SENTINEL, in re-organizing his first appointments.

The county commissioners refused to award bids on the Williamsport bridge, as there is a combination among the contractors to charge three prices for the work. This board of commissioners will not tolerate that sort of robbery and have rejected all the proposals. Contractors take notice.

The official terms of Henry Hilbrecht, chief of the fire department; Patrick Ryan, weighmaster; Wm. Rops, market master; John F. W. Meyer, water works trustee, and Max Nirdlinger, school trustee, expire in May next, save Mr. Nirdlinger, who goes out of office in June. The terms of Councilmen Kensill, Mohr, Read, Ely, Michael, Lincoln, Scheid, Gocke and Prentiss expire in May.

Mr. J. R. Bittinger has filed for Mrs. Maria Keister a petition for divorce from Dr. Gerhart Keister, a veterinary surgeon, who is now at Detroit. Keister was a tall, lean fellow, wore glasses and courted Maria, who was a maid at the Custer house. He was forced to wed the girl but promptly abandoned her.

Mr. C. D. Porter, of Geneva, and Miss Geneva Stratton, of Wabash, will be united in marriage at the residence of the bride, on the 21st inst. Mr. Porter is a brother to Dr. Miles F. Porter, of Fairfield avenue, and is well known here. Miss Stratton is also well known here, being a sister of J. Q. and Irwin Stratton, and a frequent visitor to Fort Wayne.

We hope the new assessors will assess real estate very low in Fort Wayne. It is almost double what it ought to be. Fort Wayne people have to pay double taxes, both in city and county, and we hope they will receive a low assessment. Taxes are very low all over the county, as they should be, but in the city, on account of the high assessment, they are very burdensome.

The way to keep our party in power is to nominate upright, honest, competent and honorable men, and then we will have no trouble to elect them. If politicians, who care more to please some friend in office, who is not the right man for the right place, are allowed to control affairs, the large democratic majority in Fort Wayne and Allen county will soon disappear. Let the office seek the man and not the man the office.

"The votes of Hon. Robert Lowry on the silver question were both in unison with the opinion of the large majority of his constituents. He voted for the Bland bill, which provides for the free coinage of silver, but was in the minority, and upon the proposition of Dibble to suspend coinage, Mr. Lowry was found voting for silver. He was in each division in such company as Holman, Cobb, Matson, of Indiana; Curtin, of Pennsylvania, and LeFevre, of Ohio," says the Ligonier Banner.

RAG THIEVES.

Two Boys Arrested and Behind Iron Bars.

Fred Madden and Louis LaDuke were arraigned before the mayor this morning for stealing rags from Wile Bros. They stored the stuff in LaDuke's barn and sold \$1.30 worth to one Miller. This exposed their business and led to their arrest. Both lads were held in the sum of \$200 on a charge of grand larceny and are in jail. Madden is the son of Watchman John Madden, and LaDuke comes from a bad neighborhood. The grand jury will indict the boys, who are about eighteen years of age.

The Coming Organ Recital.

The people of Fort Wayne are looking forward with avowed interest to the coming of Clarence Eddy, who appears as the central figure on the organ recital of the First Presbyterian church April 29. The Cleveland musical World says of him: In Mr. Eddy we have an organist whose abilities are equaled by few and probably excelled by none. For him difficulties seem to exist no longer. His pedal-playing is as smooth and even as if the passages were executed by fingers upon the manual but everything is done with such astonishing ease that a feeling of restfulness settles down upon the hearer, enabling him to thoroughly enjoy every note without one thought of the mechanical difficulties presented by the work. Yet this marvelous technique is never devoted to mere purposes of display, but only used as a means to an end—the proper interpretation of the music—and he seems to be fully deserving of the title so often bestowed upon him.—"Greatest of American Organists."

Mr. Louis Schroeder left the assessor's office with a good showing. He and his five deputies have appraised property in the original plat, Brackenridge addition, Baker's addition, Railroad addition, Spencer's addition, Spencer's second addition, part of Hanna's addition and the part of Wayne township outside of the city, making in all 910 pieces of real estate viewed in fifteen days, and all of it was duly recorded on the assessor's books. One thousand, nine hundred and eighty two personal property blanks were returned to the assessor's office all complete, and 795 statistical blanks are on file. Mr. Schroeder could have completed the work in sixty days and returned the books to the auditor June 1 with the same number of men employed by Mr. Slater.

The Chicago Switchmen Make War on Non-Union Men and Go on a Strike.

New York in the Midst of Another Street Car Strike--General News.

BAD BLOOD

Beginning to Show Itself at St. Louis.

By Telegraph to THE SENTINEL. EAST ST. LOUIS, April 16.—Two deputy sheriffs at the Vandalia yards were badly beaten by a number of men last night, supposed to be strikers.

AN UNKNOWN MAN BEATEN.

ST. LOUIS, April 16.—Last night an unknown man in a striker's place in the Chicago, Burlington and Quincy yards, was attacked by a party of men and severely beaten before he could escape. A number of citizens as a committee visited Hoxie to ask if he would appoint a conference as proposed by the meeting, and was told that he had written his views to the president of the citizens meeting, but that letter has not yet been received.

BIG SHIPMENTS.

EAST ST. LOUIS, April 16.—Heavy shipments of freight for all points are reported by railroads to-day. The strikers, as a rule, maintain perfect order and offer no opposition.

A STRIKE OF STREET CAR EMPLOYEES. NEW YORK, April 16.—A committee from the employees of the Third Avenue Street Car line demanded the discharge of several conductors and drivers for opposing the Knights of Labor and giving away their secrets. The board of directors refused, saying the men had performed their work satisfactorily. All the cars on the line were stopped this morning.

RUNNING CARS.

The Third avenue company is now running a number of cars protected by the police. The cars are greeted with jeers and groans by the strikers all along the line, but no violence has been attempted.

BUT EIGHT HOURS.

CHICAGO, April 16.—Charles Gossage & Co., dry goods merchants, have announced their determination to keep their employees at work but eight hours a day, commencing May 1.

TROUBLE AT CHICAGO.

Trouble is thought to be imminent on several railroads centering here. It arises from dissatisfaction among the switchmen on their wages, and the fact that the union men are demanding the discharge of non-unionists by the companies. Three hundred and fifty switchmen employed by the Baltimore and Ohio railroad sent a committee to the officials asking that six non-union men be dismissed.

SWITCHMEN QUIT.

The switchmen of the Baltimore and Ohio railroad went out this afternoon, owing to the refusal of the local officials to accede to their demand for the discharge of non-union switchmen. The Lake Shore switchmen will go out tomorrow. Thus far the road has had no difficulty in moving trains.

Sixty switchmen struck at the stock yards and a general strike is the result.

POWDERLY'S APPEAL.

Mr. Powderly appeals to the Knights of Labor to send subscriptions to aid the strikers on the Gould lines in the southwest. He states the order is not fighting capital, but monopoly, and that the battle against Gould must be fought out manfully. The order is asked to watch Mr. Gould's actions, and to also keep an eye on the doings of congress.

T. V. Powderly has started for Chicago on an important business connected with the Knights of Labor.

SOME HORSE TALK.

A British Lesson for Beginners in Driving.

An Englishman, Mr. S. Sidney, has written a new book about the horse. Of course, he looks at the matter entirely from the English point of view, but horses are horses the world over. The American horse book has yet to be written. You will be surprised to know there is scarcely one in this country that is worth a rap, and such as there are are chiefly rehashes of English literature on the subject.

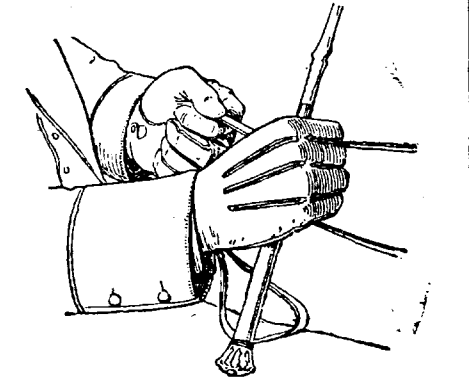

GOING STRAIGHT.
One interesting chapter of Mr. Sidney's book is devoted to driving. There is much to be learned from it by Americans. In driving you must hold your hands as in the picture, whether you have one horse or two. You must appear to manage your steed without the slightest effort. For a carriage that a man is to drive himself he should be measured for the seat. The position approaching the upright one is to be altogether avoided. "Nothing looks worse than to see a driver obliged to throw his head back if he pulls up suddenly," says Mr. Sidney. For this reason care must be taken not to have the seat too high. The hands should be about on a level in holding the reins. Hold the elbows easily so that they will just clear the hips.

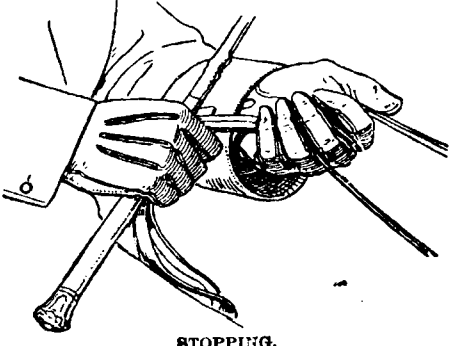

TURNING TO THE RIGHT.
The illustration needs no explanation. The left holding the reins, with the right you bear lightly on the right hand one in the manner shown.

Hold your whip in the right hand, always, nearly upright. But it is hardly ever to be used. Remember that. A spirited horse needs no urging beyond a touch, which is an indication of his master's will. The whip is only to be used freely when the animal refuses to obey. And then even the harness is to be carefully examined, to make sure nothing is wrong with it, making that the cause for the horse's fractiousness. Whip always in front of the pad, upon the foreleg or shoulder. A pair of horses coupled too close to the pole will throw out their hind quarters when stopped suddenly. Both should be harnessed so that when the reins are crossed they will draw evenly.

TURNING TO THE LEFT.
When turning to the left advance your right hand and grasp the left hand rein, in the manner indicated. Mind your eyes all the time, and never let the reins lie loose. Hold them firm enough to keep them from slipping at all times, yet lightly, so as not to pull too much. Train your horses under all circumstances to wait till you tell them to go, before starting. Labor with them until you have made them understand this.

STOPPING.
When you wish to stop your team, do it in the manner indicated in the picture, not pulling your hands up to your eyes in the disgraceful fashion of some drivers. Simply shorten up the reins with a turn of the wrist.

No more are you to poke your nose out towards the horse's ears and lean forward when you drive. You are to sit upright, in an easy, commanding position, and manage your horses from the shoulder and wrist. This advice from Mr. Sidney is admirable. "The rationale of driving may be compared to steering a boat. There must be no pulling and hauling first one side and then the other. The slightest movement will be felt on a well-broken, well-bit horse, and an attempt to grasp them instantly in case of need. It is to be feared that Mr. Sidney never had any experience of 'sparking' over American country roads.

The City of Peking, which sailed from San Francisco for China recently, took 1,400 Chinese. Many of them were old, diseased, crippled, and poor, and there were a number of women and children. The Chinaman in charge said it was necessary to send all such home, because they feared trouble this summer, and wanted to get all out of the way who might be a burden on those who remain. Many of them went at the expense of the Chinese societies.

Please send me six bottles of Athol-phoros. Those I got before have done my wife more good than all the medicine we have tried in years. Every person afflicted with rheumatism should try it. R. M. Fox, Isle St. George, Ohio.

W. D. Howells, it is said will write a biography of Longfellow for the "American Men of Letters Series."

Oscar Wilde talks of coming back, and says he won't mind the ocean trip, so long as he can get plenty of Dr. Bull's Cough Cure to kill off colds.

A grand social dance is to be given at Andrews on the evening of the 26th.

Pierce's "Pleasant Purgative Pellets," Positively popular; provoke praise; prove priceless; peculiarly prompt; perceptibly potent; producing permanent profit; precluding pimples and pustules; promoting purity and peace. Purchase. Price petty. Pharmacists patronizing Pierce procure plenty.

State Treasurer Cooper has returned from Hot Springs considerably improved in health.

When Baby was sick, we gave her Castoria, When she was a Child, she cried for Castoria, When she became Miss, she clung to Castoria, When she had Children, she gave them Castoria.

F. Marion Crawford, who is writing a new story entitled "Sarrazinesca" for Blackwood's Magazine, introduces Cardinal Antonelli as one of the characters. Politics are lightly treated, sentiment and society being the chief themes of the story.

Sprains, lameness pains and stitches—weak back or disease of the spine will be immediately relieved on application of a Hop Plaster over the affected part. Its penetrative power is wonderful. Warranted to be the best made.

Dr. Lucy C. Waite, of Chicago, has been admitted to the medical department of the University of Vienna on the same terms with male students. So much for waiting for the clouds of prejudice to roll by.

In the Dear, Old Days.
We differ in creed and politics, but we are a unit all the same on the hesitableness of a fine head of hair. If you mourn the loss of this blessing and ornament, a bottle or two of Parker's Hair Balsam will make you look as you did in the dear old days. It is worth trying. It is the only standard 50-cent article for the hair.

Fruit House Bulletin

Great Reduction in Prices for 1886.

Goods are so low now that it can hardly be expected that there will be any further decline, so that those laying in full supplies will not likely be disappointed.

It is no more a luxury to buy Teas. We are enabled to sell so low simply in consequence of our immense trade. At times we sell two and three chests daily, and buying direct of the importers and selling direct to the consumers, enables us to save our customers the profits of the jobber, speculator and wholesale merchant which is at least 10 to 20 per cent.

The Daily Sentinel

FRIDAY, APRIL 16, 1886.

THE CITY.

Mr. John B. Monning went to Defiance yesterday.

Van Amburg's circus advertising car
went west on the Wabash yesterday.

August Koenig and John Boos, of
Huntington, were in the city last night.

John Strodel, well known here, is a
candidate for marshal of Huntington.

George Richards, the bill poster, has
appointed Albert Wilson a deputy constable.

Dr. J. M. Dinnen, who is attending
Charley Thieme, reports him getting
along nicely.

Miss Mattie Probasco, of Fort Wayne,
is visiting with her sister, Mrs. Bryon
Holmes, at Plymouth.

Officer John O'Connell went on duty
last night and Captain Diehl assigned
him the north side beat.

M. C. Dinkle, of Sheldon, has pur-
chased a fine farm in Nebraska and will
move out there this spring.

Col. F. F. Boltz to-day presented
Prince George Godfrey, of the Miamis,
with a costly Masonic pin and emblem.

Barney Kramer, of this city, is the
latest democratic candidate for recorder,
and Ad Crawford, of Maples, is a candi-
date for county treasurer.

"Trustee Elliot sent Dora Hoffman,
an inmate of the Home of the Friendless,
to Fort Wayne, where she has friends,"
says the Richmond Palladium.

Hon. Wm. H. Dills was in the city
yesterday. He says from the way the
wind is blowing up north, he thinks Mr.
Shutt will draw the lucky number in the
congressional race.

Leopold Freiburger and Mr. Roths-
child, of Waterloo, have purchased
Jacobs & Son's boot and shoe store.
Mr. Jacobs will live on his suburban
farm on Spy Run avenue.

There are a dozen patients in the Wa-
bash hospital at present. The prejudice
against the institution has died out and
the railway employees have the kindest
feeling for it. Dr. North, the physician
in charge, has popularized the hospital
by having the relatives of patients visit
them. The sisters of charity treat every
inmate as if he was their dearest friend,
as indeed he is.

It is stated were the law to become
general that all roads should pay em-
ployees weekly, as is to be the case in
Massachusetts after July 1st, it would
require eight cars to do the work on the
Pennsylvania lines west of Pittsburg.
Paymaster Snee is now thirteen days of
each month out on the divisions he pays
ever. Several of the northern lines of
the Pennsylvania company are now paid
by another paymaster.

"Zozo, the Magic Queen," at the Tem-
ple opera house to-night and to-morrow.
"Zozo" is a wonderfully bright, clean
and attractive show piece. It has no
ballet, variety specialties or any ob-
jectionable features. The music is well
selected and capably rendered, the ef-
fects new and striking, the scenery ex-
ceptionally good, the transformation
scene excelling anything ever before seen
here. The company is large and very
efficient. Adams is a host in himself.

"Ex-Senator R. C. Bell, of Fort
Wayne, has been in town a day or two
this week, engaged in a case in behalf of
the Nickel Plate railroad company. Mr.
Bell is deservedly one of the most popu-
lar democrats in Indiana, and has been
prominently named as a possible candi-
date for the United States senatorship,
and also as a candidate for governor.
We know of no one we could more cheer-
fully support for either of these positions
than Mr. Bell," says Hon. Dan McDon-
ald, in the Plymouth Democrat.

The hunters and fishers organize a
club to-night.

Jacob Klett, of this city, was at Grand
Rapids yesterday.

Myron Downing is the guest of Mr.
H. B. Mensch, at Kalamazoo.

Miss Bates, of Fort Wayne, is visiting
with Mr. Dr. Short, of Lima, Ind.

Mr. John R. Hoagland, of the Fort
Wayne depot, Chicago, is in the city.

Mr. John Carl will run as an indepen-
dent candidate for councilman in the
Second ward.

A. M. Preston called on THE SENTINEL
yesterday. He is editor of the
Pythian Journal, at Indianapolis, Ind.

Councilman Ely is getting up a muni-
cipal excursion to St. Louis. Council-
man Ely is a great financier in that
direction.

Gideon W. Seavy sues Mary and John
Beuret on a mechanics lien, for \$75.
Randall & Vesey are attorneys for the
claimant.

John Driver and Clara Curtis were
yesterday licensed to marry. The busi-
ness is not brisk now and the record
book is dusty.

Moran's ice house blazed up again
yesterday. Chief Hilbrecht quickly de-
tailed a detachment of firemen to
drown the flames.

Hon. R. C. Bell, Supt. W. W. Worth-
ington and Mr. Ed. Evans were at Cleve-
land last night. They stopped at Find-
lay to look at the gas wells.

"Mrs. Allison Cambell, of Fort Wayne,
spent Sunday with her husband, who is
working at the shoe trade in this place,"
says a Hudson correspondent.

"Zo Zo" will give a grand matinee
Saturday afternoon for ladies and chil-
dren. The prices for the matinee have
been reduced to 25 and 35 cents.

J. V. Hiler, of Fort Wayne, the or-
ganizer for the 12th District of the
Knights of Labor, was at LaGrange
Monday evening, and organized a lodge.

Wm. Boerdemeyer struck Mrs. Mary
Myer, who keeps a boarding house on
John street, and Justice Ryan assessed
William just \$14. He is boarding the
sum out at the jail.

Michael McCoffman abandoned his
wife, Dora Varum, formerly a Fort
Wayne chair girl, at Richmond. Mc-
Coffman is a painter from Crestline and
figured in police circles here.

"Mr. Muldoon McCarty, of Fort
Wayne, is in the city visiting friends. It
is rumored that Mr. McCarty will re-
turn home with a popular young sales-
lady of this city," says the Logansport
Journal.

Supt. P. S. O'Rourke and Charles F.
Clugston, of the Grand Rapids and In-
diana road went to Orland Monday to in-
vestigate the prospect for business and
the probable amount of freight to be
secured by a branch road.

Rev. J. K. Walts was in the city to-
day preparatory to his removal to War-
saw. Mrs. Walts visited at Lima, Ind.,
this week, and last night her lady friends
presented her with an elegant bible as
a token of their esteem for a most esti-
mable christian lady.

The great trotting circuit was orga-
nized at Dayton, Ohio, yesterday, to in-
clude Covington, South Bend, Toledo,
Columbus and Fort Wayne. The aggre-
gate premiums amount to \$30,000. Mr.
J. W. Pearce represented the Northern
Indiana Fair association.

"Rev. J. P. Lloyd, of Fort Wayne,
preached a very eloquent and feeling
sermon at the opening of the Presbyteri-
an Synod, Tuesday evening. At the
close of his sermon Mr. Lloyd became
momentarily very sick and had to take
his seat. He was much better yester-
day and assisted in the transaction of
business," says the Bluffton Banner.

The Sons of Rest are to be started
again. No one will be entitled to mem-
bership except those who work only
when forced to. The main plank in
their platform will declare in favor of
boycotting all merchants who refuse
them credit and all people who make
any efforts to induce them to work. The
membersdip is expected to be select and
dudish.

"Hon. W. G. Colerick was in town a
few hours at the first of the week, look-
ing up his chances for a congressional
nomination. Mr. Colerick has many
warm friends in Steuben county, who
were highly pleased with his former re-
presentation of this district and would
be glad to see him returned to the na-
tional legislature," says the Angola
Herald.

"Mr. Lot Dickson wife and daughter
were in town Monday. Mr. D. was born
and bred in Plymouth, and is now one
of the most popular conductors on the
Fort Wayne road. He is honest, capa-
ble, painstaking, understands his busi-
ness thoroughly, and has such a pleasant
way of getting through his train, as to
make his passengers feel perfectly at
home. A conductor has it in his power
to make his passengers feel, by his very
presence, either comfortable or misera-
ble, and Mr. Dickson has a very happy
facility, for the time being, of making
those who are journeying with him as
happy as a big sun-flower that bends and
blows in the breezes," says the Plym-
outh Democrat.

The Pittsburg railroad employees were
paid this afternoon.

L. Gromer, an employe of the Pitts-
burg lumber yard, had his hand smashed
yesterday.

Mrs. Hugh McCulloch Bond returned
from the east to-day. Mr. Bond met
her at Pittsburg.

Miss Addie Bond is at home from New
York city, where her parents, Mr. and
Mrs. S. B. Bond, still remain.

A Racine has taken out a permit to
build a two story frame house on lot 46,
north side addition, at a cost of \$2,000.

Jim Daily was sent to jail for drunk-
enness this morning. He will also be
subjected to an inquiry by the grand
jury.

Trustee Hilbrecht sent Dora Miller
north this morning. The woman came
in last night. She is shortly to become
a mother and she has friends at Jackson,
Mich.

Wm. Boeshinger, the eight year old
son of Henry Boeshinger, the gardener
out on the St. Joe road, died last night,
and will be buried Sunday afternoon at
1 o'clock from the cathedral.

Mr. L. L. Townsend, of Bluffton, was
in the city this morning en route to
southern Kansas, where he will probably
engage in business and reside in the fu-
ture. He made THE SENTINEL a pleas-
ant call.

The Wabash Railway company have
been much troubled for some time past
by parties breaking into railway cars
loaded with merchandise at Clymer's
station. Special Agent Albert Potter
has succeeded in discovering some of the
perpetrators. Warrants were sworn out
yesterday against David Stoddard and
George Graese for entering a car
last month and taking therefrom twelve
pairs of shoes.

Rafael Joseffy, the great Hungarian
artist will give the last of the series of
subscription concerts which has been so
justly popular during the past winter.
Joseffy, as a pianist, ranks with Ruben-
stein and Von Biliou, and is after said to
combine the powers of both. It is safe
to say that a Fort Wayne audience is not
often given the opportunity of hearing
so eminent an artist. He will be assist-
ed by Camille Muori, a young soprano, who
has appeared with him in his recitals in
various eastern cities as well as on his
western tour.

The Plymouth Democrat copies an
article from THE SENTINEL relative to
the arrest of Lowe and Cross at Maxin-
kuckee and adds: "The above facts
greatly surprised the people of this
county, as Mr. Lowe is well and very
favorably known in the southwest part
of the county, having for years been one
of the foremost citizens of Green town-
ship. Of Mr. Cross we know nothing,
and falling as it does on Mr. Lowe,
prostrate from paralysis at present, it
appeals to the sympathies of his many
friends and neighbors, and it is hoped
that when the real facts are known, that
the charge against him will be fully ex-
plained away."

M. A. A. Talmage, general manager
of the Wabash road, went to Chicago
yesterday from St. Louis, this being his
first visit there in several months. He
said that his trip to Florida had benefited
him greatly, and that he was never bet-
ter. He took exceptions to the state-
ments published there yesterday, that
the Wabash road had taken back a num-
ber of the strikers. This was untrue, he
said. Further, he showed a telegram
from P. Flanagan, agent of the road at
St. Louis, which read as follows: "None
of our strikers on either side of the river
have returned, and none will be allowed
to return unless you give such orders."
The Wabash agent issued an order at
his request that this line was ready to
receive all freight via St. Louis.

Mr. John Slater, the Wayne township
assessor, has named these deputies: For
real estate, Ed. Seidel, Chester Scarlett,
C. W. Thurman, Michael Wolf, H. L.
Bossler, Joshua Olds, Ira Rupert, Joseph
Fry. For personal property, T. J.
Shelby, P. Lordier, John B. Barrand, J.
B. Barrand, J. M. Smith, C. W. Pyke,
Patrick Fallahee, L. C. Monnott, John
S. Pierce and B. F. Harper. George
Brackenridge is clerk of the office. As-
sessor Slater ought to see that city prop-
erty is assessed reasonably low, because
people here are doubly taxed. The
valuation in the county is very
low, fixed on a sort of prepared program,
and thus the burden falls unequally on
the city people. With this bit of ad-
vice THE SENTINEL wishes Assessor Slater
much success.

GORHAM HONORED.

The Nickel Plate Superintend-
ent on an Important Time
Committee With
K. H. Wade.

About 250 representatives of the most
prominent roads in the United States as-
sembled at Cincinnati yesterday and
held a time convention. Heretofore the
representatives of roads north of the
Ohio and Potomac rivers have held what
has been known as the general time con-
vention, and a few days later the rep-
resentatives of roads south of the Potomac
rivers would hold the southern time con-
vention. This was thought to be un-
necessary, and, as they did yesterday,
hereafter there will be but one general
time convention, which will include all
the roads.

At the meeting yesterday it was de-
cided that the reads would change time
on the 2d of May. At a meeting held
in Philadelphia a couple of years ago, a
committee, composed of K. H. Wade, of
the Wabash; Robert Pitcairn, of the
Pennsylvania; E. B. Thomas, of the
Richmond and Danville; Wm. Rodgers,
of the Central of Georgia; H. B. Stone,
of the Chicago, Burlington and Quincy;
J. T. Harahan, of the Louisville and
Nashville; H. Walters, of the Atlantic
Coast Line; and C. D. Gorham, of the
Nickel Plate, was appointed to decide
upon a uniform system of signals and
train rules, to be submitted for adoption
by the different railroads. The gentle-
men have at various times considered
the question, and on Tuesday again
wrestled with the matter at the Grand
hotel, but at yesterday's meeting an-
nounced that they were not ready to re-
port, so that no report will be made by
them until the fall convention, which is
to be held in New York next October.

A NOBLE MONUMENT

Which it is Hoped Some Fort
Wayne Philanthropist Will
Erect to Himself.

[Gazette.]

The Young Men's Christian Associa-
tion of Fort Wayne, especially in its rail-
road branch, is doing a grand work, a
work the beneficial result of which can-
not be calculated. The association has
also entered vigorously into the work in
the city proper. It is now in need of a
permanent building. This city has
many rich men, why will they not, or at
least some one of them, erect a building
and present it to the association? What
grand monument could a man leave to
posterity than a Young Man's Christian
Association building bearing his name
for all time. Who will do it. Yester-
day the committee of the association,
Messrs. Hackett, Philley and Hays, were
negotiating for the lease of ground from
Capt. J. B. White, on Calhoun street,
on which to erect an edifice, but it is to
be hoped that some good hearted,
wealthy Fort Wayne citizen will step in
and make himself immortal and lay up
treasures above at the same time.

FRIDAY, APRIL 16, 1886.

THE CITY.

Mr. John B. Monning went to Defiance yesterday.

Van Amburg's circus advertising car went west on the Wabash yesterday.

August Koenig and John Boos, of Huntington, were in the city last night.

John Strodel, well known here, is a candidate for marshal of Huntington.

George Richards, the bill poster, has appointed Albert Wilson a deputy constable.

Dr. J. M. Dinnen, who is attending Charley Thieme, reports him getting along nicely.

Miss Mattie Probasco, of Fort Wayne, is visiting with her sister, Mrs. Bryon Holmes, at Plymouth.

Officer John O'Connell went on duty last night and Captain Diehl assigned him the north side beat.

M. C. Dinkle, of Sheldon, has purchased a fine farm in Nebraska and will move out there this spring.

Col. F. F. Boltz to-day presented Prince George Godfrey, of the Miamis, with a costly Masonic pin and emblem.

"Tristen Elliot sent Dora Hoffman, an inmate of the House of the Friendless, to Fort Wayne, where she has friends," says the Richmond Palladium.

Hon. Wm. H. Dills was in the city yesterday. He says from the way the wind is blowing up north, he thinks Mr. Shutt will draw the lucky number in the congressional race.

Leopold Freiburger and Mr. Rothschild, of Waterloo, have purchased Jacobs & Son's boot and shoe store. Mr. Jacobs will live on his suburban farm on Spy Run avenue.

There are a dozen patients in the Wabash hospital at present. The prejudice against the institution has died out and the railway employees have the kindest feeling for it. Dr. North, the physician in charge, has popularized the hospital by having the relatives of patients visit them. The sisters of charity treat every inmate as if he was their dearest friend, as indeed he is.

It is stated were the law to become general that all roads should pay employees weekly, as is to be the case in Massachusetts after July 1st, it would require eight cars to do the work on the Pennsylvania lines west of Pittsburgh. Paymaster Snee is now thirteen days of each month out on the divisions he pays over. Several of the northern lines of the Pennsylvania company are now paid by another paymaster.

"Zozo, the Magic Queen," at the Temple opera house to-night and to-morrow. "Zozo" is a wonderfully bright, clean and attractive show piece. It has no ballet, variety specialties or any objectionable features. The music is well selected and capably rendered, the effects new and striking, the scenery exceptionally good, the transformation scene excelling anything ever before seen here. The company is large and very efficient. Adams is a host in himself.

"Ex-Senator R. C. Bell, of Fort Wayne, has been in town a day or two this week, engaged in a case in behalf of the Nickel Plate railroad company. Mr. Bell is deservedly one of the most popular democrats in Indiana, and has been prominently named as a possible candidate for the United States senatorship, and also as a candidate for governor. We know of no one who could more cheerfully support for either of those positions than Mr. Bell," says Hon. Dan McDonold, in the Plymouth Democrat.

The hunters and fishers organize a club to-night.

Jacob Klett, of this city, was at Grand Rapids yesterday.

Myron Downing is the guest of Mr. H. S. Mensch, at Kalamazoo.

Miss Bates, of Fort Wayne, is visiting with Mr. Dr. Short, of Lima, Ind.

Mr. John R. Hoagland, of the Fort Wayne depot, Chicago, is in the city.

Mr. John Carl will run as an independent candidate for councilman in the Second ward.

A. M. Preston called on THE SENTINEL yesterday. He is editor of the *Pythian Journal*, at Indianapolis, Ind.

Councilman Ely is getting up a municipal excursion to St. Louis. Councilman Ely is a great financier, in that direction.

Gideon W. Seavy sues Mary and John Benet on a mechanics lien, for \$75. Randall & Vesey are attorneys for the claimant.

John Driver and Clara Curtis were yesterday licensed to marry. The business is not brisk now and the record book is dusty.

Moran's ice house blazed up again yesterday. Chief Hilbrecht quietly detailed a detachment of firemen to drown the flames.

Hon. R. O. Bell, Supt. W. W. Worthington and Mr. Ed. Evans were at Cleveland last night. They stopped at Findlay to look at the gas wells.

"Mrs. Allison Cambell, of Fort Wayne, spent Sunday with her husband, who is working at the shoe trade in this place," says a Hudson correspondent.

"Zo Zo" will give a grand matinee Saturday afternoon for ladies and children. The prices for the matinee have been reduced to 25 and 50 cents.

J. V. Miller, of Fort Wayne, the organizer for the 12th District of the Knights of Labor, was at LaGrange Monday evening, and organized a lodge.

Wm. Boardmeyer struck Mrs. Mary Myer, who keeps a boarding house on John street, and Justice Ryan assessed William just \$14. He is boarding the sum out at the jail.

Michael McCoffman abandoned his wife, Dora Varnum, formerly a Fort Wayne chair girl, at Richmond. McCoffman is a painter from Crestline and figured in police circles here.

"Mr. Muldoon McCarty, of Fort Wayne, is in the city visiting friends. It is rumored that Mr. McCarty will return home with a popular young sales-lady of this city," says the Logansport Journal.

Supt. P. S. O'Rourke and Charles F. Clington, of the Grand Rapids and Indiana road went to Orland Monday to investigate the prospect for business and the probable amount of freight to be secured by a branch road.

Rev. J. K. Walts was in the city to-day preparatory to his removal to Warsaw. Mrs. Walts visited at Lima, Ind., this week, and last night her lady friends presented her with an elegant bible as a token of their esteem for a most estimable christian lady.

The great trotting circuit was organized at Dayton, Ohio, yesterday, to include Covington, South Bend, Toledo, Columbus and Fort Wayne. The aggregate premiums amount to \$30,000. Mr. J. W. Pearce represented the Northern Indiana Fair association.

"Rev. J. P. Lloyd, of Fort Wayne, preached a very eloquent and feeling sermon at the opening of the Presbyterian Synod, Tuesday evening. At the close of his sermon Mr. Lloyd became momentarily very sick and had to take his seat. He was much better yesterday and assisted in the transaction of business," says the Bluffton Banner.

The Sons of Rest are to be started again. No one will be entitled to membership except those who work only when forced to. The main plank in their platform will declare in favor of boycotting all merchants who refuse them credit and all people who make any efforts to induce them to work. The membership is expected to be select and dubious.

"Hon. W. G. Colerick was in town a few hours at the first of the week, looking up his chances for a congressional nomination. Mr. Colerick has many warm friends in Steuben county, who were highly pleased with his former representation of this district and would be glad to see him returned to the national legislature," says the Angola Herald.

"Mr. Lot Dickson wife and daughter were in town Monday. Mr. D. was born and bred in Plymouth, and is now one of the most popular conductors on the Fort Wayne road. He is honest, capable, painstaking, understands his business thoroughly, and has such a pleasant way of getting through his train, as to make his passengers feel perfectly at home. A conductor has it in his power to make his passengers feel, by his very presence, either comfortable or miserable, and Mr. Dickson has a very happy faculty, for the time being, of making those who are journeying with him as happy as a big sun-flower that bends and blows in the breeze," says the Plymouth Democrat.

The Pittsburg railroad employees were paid this afternoon.

L. Gromer, an employee of the Pittsburg lumber yard, had his hand smashed yesterday.

Mrs. Hugh McCulloch Bond returned from the east to-day. Mr. Bond met her at Pittsburgh.

Miss Addie Bond is at home from New York city, where her parents, Mr. and Mrs. S. B. Bond, still remain.

A Racine has taken out a permit to build a two story frame house on lot 46, north side addition, at a cost of \$2,000.

Jim Daily was sent to jail for drunkenness this morning. He will also be subjected to an inquiry by the grand jury.

Trustee Hilbrecht sent Dora Miller north this morning. The woman came in last night. She is shortly to become a mother and she has friends at Jackson, Mich.

Wm. Boeshinger, the eight year old son of Henry Boeshinger, the gardener out on the St. Joe road, died last night, and will be buried Sunday afternoon at 1 o'clock from the cathedral.

Mr. L. L. Townsend, of Bluffton, was in the city this morning en route to southern Kansas, where he will probably engage in business and reside in the future. He made THE SENTINEL a pleasant call.

The Wabash Railway company have been much troubled for some time past by parties breaking into railway cars loaded with merchandise at Clymer's station. Special Agent Albert Potter has succeeded in discovering some of the perpetrators. Warrants were sworn out yesterday against David Stoddard and George Graue for entering a car last month and taking therefrom twelve pairs of shoes.

Rafael Joseffy, the great Hungarian artist will give the last of the series of subscription concerts which has been so justly popular during the past winter. Joseffy, as a pianist, ranks with Rubenstein and Von Billon, and is after said to combine the powers of both. It is safe to say that a Fort Wayne audience is not often given the opportunity of hearing so eminent an artist. He will be assisted by Camille Miori, a young soprano, who has appeared with him in his recitals in various eastern cities as well as on his western tour.

The Plymouth Democrat copies an article from THE SENTINEL relative to the arrest of Lowe and Cross at Maxinkuckee and adds: "The above facts greatly surprised the people of this county, as Mr. Lowe is well and very favorably known in the southwest part of the county, having for years been one of the foremost citizens of Green township. Of Mr. Cross we know nothing, and falling as it does on Mr. Lowe, prostrate from paralysis at present, it appeals to the sympathies of his many friends and neighbors, and it is hoped that when the real facts are known, that the charge against him will be fully explained away."

M. A. A. Talmage, general manager of the Wabash road, went to Chicago yesterday from St. Louis, this being his first visit there in several months. He said that his trip to Florida had benefited him greatly, and that he was never better. He took exceptions to the statements published there yesterday, that the Wabash road had taken back a number of the strikers. This was untrue, he said. Further, he showed a telegram from P. Flanagan, agent of the road at St. Louis, which read as follows: "None of our strikers on either side of the river have returned, and none will be allowed to return unless you give such orders." The Wabash agent issued an order at his request that this line was ready to receive all freight via St. Louis.

Mr. John Slater, the Wayne township assessor, has named these deputies: For real estate, Ed. Seidel, Chester Scarlett, C. W. Thurman, Michael Wolf, H. H. Bosler, Joshua Olds, Ira Rupert, Joseph Fry. For personal property, T. J. Shelby, P. Lordier, John B. Barzand, J. B. Barzand, J. M. Smith, C. W. Pyke, Patrick Fallabee, L. C. Moncott, John S. Pierce and B. F. Harper. George Brackenridge is clerk of the office. Assessor Slater ought to see that city property is assessed reasonably low, because people here are doubly taxed. The valuation in the county is very low, fixed on a sort of prepared program, and thus the burden falls unequally on the city people. With this bit of advice THE SENTINEL wishes Assessor Slater much success.

GORHAM HONORED.

The Nickel Plate Superintendant on an Important Time Committee With K. H. Wade.

About 250 representatives of the most prominent roads in the United States assembled at Cincinnati yesterday and held a time convention. Heretofore the representatives of roads north of the Ohio and Potomac rivers have held what has been known as the general time convention, and a few days later the representatives of roads south of the Potomac rivers would hold the southern time convention. This was thought to be unnecessary, and, as they did yesterday, hereafter there will be but one general time convention, which will include all the roads.

At the meeting yesterday it was decided that the roads would change time on the 2d of May. At a meeting held in Philadelphia a couple of years ago, a committee, composed of K. H. Wade, of the Wabash; Robert Pitman, of the Pennsylvania; E. B. Thomas, of the Richmond and Danville; Wm. Rodgers, of the Central of Georgia; H. B. Stone, of the Chicago, Burlington and Quincy; J. T. Harahan, of the Louisville and Nashville; E. Walters, of the Atlantic Coast Line; and C. D. Gorham, of the Nickel Plate, was appointed to decide upon a uniform system of signals and train rules, to be submitted for adoption by the different railroads. The gentlemen have at various times considered the question, and on Tuesday again wrestled with the matter at the Grand hotel, but at yesterday's meeting announced that they were not ready to report, so that no report will be made by them until the fall convention, which is to be held in New York next October.
